The current IEA member should be an active educator in a preK-12 public school. Other college student members and retired mentors are not eligible for this interview requirement. If you previously earned an IEA scholarship and completed a similar essay, please interview a different individual that is a current IEA member than you completed in the past for the previous scholarship application.

Ask them about their impressions of IEA and their involvement in IEA at the local and state level. In your essay, please reflect on your interview and the member's responses. Has his/her experience been similar or different from yours in seeing IEA as influential in the 3 areas listed above? What will you do with the information you learned from the member you interviewed?

If you need help identifying an IEA member to interview, please contact Amanda Plunkett or any Student IEA state officer.
